Attorney T H Wheeler has been appointed to assist Lloyd S Leech in the prosecution of the case and W S Merrell has been appointed to defend Richeson

## PNEUMONIA FATAL TO MRS. TITUS, AGED 91, AT HOME HERE

Mrs M M Titus, aged 91, died at the home of her daughter, Mrs. F E. Bouvier, 343 McClain av Friday morning at 9 00 o'clock from pneumonia and complications due to age She had been ill for one week

Mrs. Titus came to Coshocton three years ago to make her home She had lived at Troy, Pa. for many years previous to coming here, altho she was a native of New York state

She was the oldest member of the Daughters of the American Revolution in Troy and took an active part in the affairs of the organization, being justly proud of the purpose of the D. A. R. and her affiliation with it She joined the M E church in childhood and for many years was an active worker in the church at Troy Two weeks ago she united with the Methodist Protestant church here Her life was marked by beautiful devotion to the tenets of her faith, and it is truthfully said that her exemplary character has exerted a definite influence for good among her asso ciates thruout her long life

One daughter, Mrs. F E. Bouvier, with whom she made her home, six grandchildren and seven great-grandchildren survive The grandchildren are Mrs Lloyd S Leech, Coshocton, and Miss Iva Bouvier, of the home here, Fred Bouvier, Coshocton Route 1, Emerson R Bouvier, of Detroit, C. D Bouvier, of Chicago and George A. Bouvier, of Washington, Pa.

Funeral services will be held at the late home Saturday afternoon at 2:00 o'clock in charge of the Rev. I. M. McVey, pastor of the local M. P. church. Following the services the body will be taken to Troy, Pa., for burial.

## *Moran Bound Over*

Logan Moran pleaded not guilty when arraigned before Justice E G Abbott on the charge of incest and was bound over to the grand jury. The affidavit was signed by his sixteen-year-old daughter, Beulah Moran. The girl has been given permission to return to the home of George Haines, where she has been employed. A bond will probably be found for her father, Daisy Moran.

## WATSON TOUTED AS LEADER FOR PLATFORM COM.

CHICAGO, ILL., June 4—Senator James Watson, of Indiana, is most prominently mentioned today for chairman of the convention resolutions committee which is to bring out the party platform The senator is expected to reach here today

State delegates have been notified by wire by Chairman Hays of the national committee to pick their representative for membership on the resolutions committee

Senator Watson was a compromiser on the league of nations covenant and sought to bring about its ratification with amendments It is not believed that his selection as chairman of the platform committee will meet with the support of the Johnson Poindexter Borah delegates or of those who are supporting the stand of the "Irreconcilables"

The work of platform building has been entrusted to many hands The general planks are being whipped into shape by the executive committee of the special committee on platform and policies, of which J Ogden Mills, of New York is chairman in collaboration with Chairman Hays and leaders of the national committee

Portions of the platform dealing with foreign relations are being formed by Senator Lodge with the assistance of Senators Knox, Fall, Brandegee, and others of the senate foreign relations committee Senator Lodge is expected here Sunday with his draft of these planks ready

It is understood that the plank dealing with the European situation will be a straddle It will be a definite commitment against interference in European domestic matters or alliances of such a nature as may lead this country to render armed assistance because of the alliance but there will be a pledge of sympathy to those countries with which the country co operated in war against Germany and a general promise to render what assistance may be possible and practicable to promote their welfare.

Encouragement will be given those countries that are starting upon or seeking independence

The plank dealing with Mexico, which Senator Fall, New Mexico, is said to have drafted, will favor intervention unless Mexico soon demonstrates that it is able to arrange a form of government that will afford protection to American citizens in Mexico and security for their property.

It seems to be the settled convictions of leaders here that the platform will be studiously silent on the subject of prohibition The wets are actively at work to force a plank recommending "liberal" interpretation of enforcement laws.

## *Leg Amputated Above The Knee*

Ernest Bradford, Orange-st, had his right leg amputated just above the knee, Thursday afternoon at the City hospital. Tuberculosis of the knee joint was the cause for the amputation. The operation was performed by Dr. J. W. Shaw assisted by Dr. R. M. Wright and Dr. J. D. Lower.

### Just Where Support of Senator Penrose Will Land is Vital Subject to Candidates—Sproul May Execute Orders For Penrose In the Latter's Absence From Chicago

CHICAGO June 4—Governor Sproul of Pennsylvania emerged suddenly this morning from the "favorite son" ranks and became a contender for the nomination when a report reached here that the Pennsylvania delegation had swung solidly behind Sproul

It had been impossible to confirm the rumor The Pennsylvania delegation has not reached here neither has Sproul Senator Penrose or any of the Pennsylvania leaders It is not known whether Senator Penrose will be able to come because of his recent serious illness

Senator Penrose the great G O P boss mechanic, is reported too ill at his home in Spruce Street Philadelphia to venture here But if his plans do not carry thru he'll come on a stretcher his old friends say It is said he is suffering from Bright's disease

The Pennsylvania delegation comes pledged to cast its first ballot for Governor William C Sproul of that state and it developed here today that it is Sproul who will execute Penrose's orders

Fifty-three of Pennsylvania's delegation of 76 attended a meeting in Philadelphia a few nights ago and pledged themselves to support Sproul and follow his lead as per Penrose's instructions When these gentlemen step into this city there will be a brass band reception of the "gang's all here" variety

J Hampton Moore mayor of Philadelphia will make Sproul's nomination speech

It would appear that Knox Penroses' second natural choice, is not in the "favorite son" class now And the tip went around among the professionals this morning that there was an agreement between Penrose and Harding that the latter would receive the senator's support if a winner did not go over the convention top during the early balloting next week

Maybe this is only talk It was common talk the first of the week that Penrose would lend Johnson his support in a pinch

As a matter of fact Johnson's aides here are known to be working both by day and by night to convince the old guard that Johnson deserves support because they say he "can win the election" But manifestly Johnson's fate depends upon the ability of his friends to convince the machine men that he is safe and sane in every particular whatever that may mean

There was more dark horse talk today, but it was not very convincing And the southern delegate mixup proving an embarrassment to the old guard men who for many years heretofore have known about where they stood four days before convention dates

## MRS. MARY MOBLEY IS DEAD AT DAUGHTER'S HOME HERE, AGED 76

Mrs Mary A Mobley, 76, died at the home of her daughter, Mrs William Green, east Chestnut st, Friday morning at 5 20 o'clock, death was due to complication of diseases and infirmities of age

Mary Ann Mativa was born April 15, 1884 in Coshocton and she had spent her entire life here.

She was a member of Grace M E church and had been a conscientious worker until ill health overtook her years ago.

Her husband, W. F Mobley, preceded her to the grave nine years ago

There are surviving, eight children: Mrs Jonathan Bigrigg, of Hayav, Mrs Endsley Shaw, north 16th-st, Mrs William Green, east Chestnut-st, John, Benjamin, James, Cornelius and Roy Mobley all of Coshocton. Two brothers and two sisters, 30 grandchildren and 28 greatgrandchildren are surviving.

The funeral services will be held Sunday afternoon at 2:30 at the home of the daughter, Mrs. William Green, east Chestnut-st Burial will be made at the South Lawn cemetery.

## REV. C. H. HOOD ENTERS RACE FOR STATE SENATOR

Rev C H Hood, leader of the dry forces in Coshocton co in the wet and dry campaign a year ago last fall and former pastor of the Church of Christ here, Friday filed with the county board of elections his declaration of candidacy on the Republican ticket for the office of state senator from the Eighteenth-Nineteenth district

The announcement comes as a happy surprise to his hosts of friends in Coshocton co and injects new interest into the political situation in this senatorial district comprising the counties of Coshocton Guernsey Tuscarawas and parts of Monroe and Noble

Two state senators from this district are to be elected this fall and Coshocton co is logically entitled to a senatorial toga this time William Green having been the last man from this county elected to the state senate nearly ten years ago

One of the things which augurs well for the success of Rev Hood's candidacy is his wide acquaintance thruout the district as his pastoral duties have made him strong personal friends in all of the five counties He is known as a man of highest moral and religious principles and possesses a keen analytical mind, which would have well fitted him for the legal profession and which will stand him in good stead in case he becomes a member of the Ohio senate

Rev Hood was born in Guernsey co, which may be said to be the keystone or pivotal county of the district That he will receive practically the solid Republican vote of that Republican stronghold is a reasonably safe prediction and there is every assurance that he will run almost equally as well in the other four counties

He came to Coshocton a few years ago from East Palestine He still retains his residence in Coshocton, altho he has returned to pastoral work at East Palestine His powerful influence for good during the years he has resided in Coshocton co has built up for him a strong following and gives assurance that he will roll up a big vote both at the primary election in August and the general election in November.

## *PLAGUE SPREADS MENACINGLY AT VERA CRUZ, MEX.*

VERA CRUZ June 4 Three new cases of bubonic plague and three deaths at the Lazaretto hospital on the island of Sacrifice were reported by the sanitary department today More than 50 suspected cases of the plague are under observation

Medical men are dissatisfied with the action of the mayor in refusing President Wilson's offer to send a destroyer with New Orleans physicians and disinfectants to help check the outbreak Fears were expressed that the local sanitary authorities will be unable to control the epidemic without outside help

A number of old buildings are being burned The main wharf and a two story office building at the entrance to the docks and a number of small frame shacks were destroyed They were infested with thousands of rats which were believed to have been inoculated with the plague germs

All the business house remained closed on orders of the municipal authorities All merchants have been ordered to clean their stores of rubbish on penalty of a heavy fine The refuse is being carted to the outskirts of the city and burned

## J. C. SPECK DIES FRIDAY MORNING IN A SANITARIUM

J. C Speck aged 88, formerly of Coshocton, died at a private sanitarium in Columbus Friday morning at 7 o'clock, death resulting from infirmities of old age He had been making his home with his son J R Speck in Newark, previous to the time of his death and his condition had become such that he was taken to a private sanitarium in Columbus a week ago

Mr Speck was born March 4, 1832 on a farm near Warsaw He lived on this farm the greater part of his life Later he moved to Coshocton where he lived until the last two months when he decided to make his home with his son in Newark

Mr Speck was a member of the Coshocton Methodist Episcopal church and had been a consistent member of that church for the past ten years

There are eight children surviving. C R. Speck, Coshocton, W H Speck, Warsaw R. D., S N Speck, Cleveland, Mrs. Frank Nosker, Coshocton, J. R. and T O Speck of Newark, M D Speck, 606 Poplar-st, and Mrs Guy Leech, Coshocton

The body will be brot Friday evening to the home of the son, M. D Speck, Poplar-st The funeral arrangements have not yet been completed.

## TWO ARE FINED FOR TAKING WINE

Oscar Lee and Nick Burns, both colored, were brot before Mayor Tish Friday morning charged with petit larceny in connection with the theft of several bottles of sour wine from the cellar of the house at the corner of Pine and Sixth-sts, known as the R M. Temple property, recently purchased by W W. Bostwick

Bostwick had employed Lee to clean the wall paper and Lee had Burns assisting him Finding the wine in the cellar they took all but four or five bottles of it Burns was fined $25, of which $10 was suspended Lee was fined $10, all of which was suspended on the condition that the wine be returned. It is said that the beverage had almost turned to vinegar and Burns, who drank some of it, said it did not have any "kick"

## *Called To Columbus*

Fred McDonald, Walnut-st, was called to Columbus Friday noon by the illness of his mother, Mrs Margaret McDonald.

# VANGUARD OF LABOR DELEGATES AT MONTREAL CHOOSE JOHNSON AND M'ADOO FOR FALL CAMPAIGN

### Both Stand High In Labor Circles if Hotel Lobby Political Gossip is a Reliable Indicator—Five Democrats Are Acceptable For Presidential Nomination and Only One Republican

MONTREAL Quebec June 4—This city under the British flag has taken on some of Chicago's political atmosphere

With the arrival of delegates for the fortieth annual convention of the American Federation of Labor, the question of who will be the next president of the United States has become one of the chief topics of conversation in the hotel lobbies indicating that politics will be one of the leading interests in the convention

According to opinions expressed by delegates six candidates in the field are satisfactory to labor but only one of them is a Republican—Senator Hiram Johnson of California

After talks with many of the labor leaders now on the ground there is little doubt that Senator Johnson and William G McAdoo Democrat, are the two favorites of the labor party.

Senator Johnson's labor record is described as "100 per cent good," altho he is criticized by railroad union men because of his absence from the senate when the Cummins Esch bill was up By his absence the senator failed to place himself on public record regarding the measure

It is accepted as a foregone conclusion that railroad workers are almost solidly for Mr McAdoo In the Kansas City convention representing 600,000 members of the railroad employes department of the American Federation of Labor a resolution endorsing Mr. McAdoo met with success

Attorney General Palmer seems to head labor's "in bad list

Some of the delegates here offered to lay wages that no union men would vote for him if he were nominated General Leonard Wood is apparently a close second to Mr Palmer in labor's disfavor This is said to arise over his connection with the steel strike and because he is a military man

Herbert Hoover is unpopular with the laborites because of his endorsement of the open shop Senator Harding came into disfavor because of his advocacy of anti-strike legislation Governor Lowden, of Illinois, seems to have some followers among the Illinois coal miners Unionists say that Governor Lowden's labor record in congress was not satisfactory but that he has made a fair governor

If Governor Henry J Allen of Kansas, proves to be the "dark horse" at the Chicago convention probably he will prove as unpopular as Palmer

William Jennings Bryan is expected to be the champion of labor at the San Francisco convention

Gov Edwards of New Jersey, has some supporters because of his anti-prohibition views It is likely, however that Senator Owen would receive labor's support in preference to any other candidate nominated, either by the Democrats or Republicans with the exception of Senator Johnson Representatives of the coal miners from Ohio and Indiana declare that Governor Cox of Ohio, Democrat, is acceptable to the mine workers

## "HOOP-LA" PROVES A BIG DELIGHT TO PACKED HOUSE AT OPENING THURSDAY

"Yes sah It happened to Rastus Johnson's wife That right? Yas, two of 'em at six o'clock in the morning But then let Houndhead tell it tonight at the second exhibition of Hoop La!"

The first presentation was given Thursday evening at the Sixth Street theatre before a packed house

Members of the cast without exception were being complimented Friday for a show of talented singing and dancing as well as a shower of snappy jokes with which they greeted Coshocton theatre patrons Thursday evening

The show itself was a happy relief with its varied program from the old time straight, home talent minstrel

"Putting it across" was just the easiest thing in the world for Coshocton's young people

Part one, or the grand minstrel at the opening was a trifle weak in arrangement and hardly prepared one for the rapid succession of action

David Stitts and his singing and dancing crew of sailor boys and girls on board the "Hoop La" greeted King Poo Poo (E H Lynde) and Queen My Golly Gosh (Mary Meek)

"Wild ones" danced in the next few minutes with all the 'pep' of cannibals and with true South African daring

The dance of the Bluebird by Miss Annabelle Glenn followed It was well executed and with a considerable show of expression

The Kings Counsellors including Fred B Compton, Kenneth Slaughter Sam Cardwell David Markley, broke thru the ropes at intervals with a supply of 'wild and wooly' jokes that were well received

Cutey Clark a member of the Royal Entertainers left to himself and the audience lifted his voice out of the deep long enough to bring a round of applause

He sang 'When the Preacher Makes You Mine"

A singing and dancing specialty concluded the first part

Appearing in a concert program of songs Robert Vogel opened the olio

He was followed by ten minutes of nonsense Fred B Compton and Paul E Landwer director, were the entertainers

'In Melody Lane' was a timely and clever arrangement of an attractive chorus with Harold Brink as the boy

The Ladies Versatile Trio consisting of the Dawson Sisters and Gene Kerlin put their harmony offering over in finished style

The "death of Saloon" was a rare comedy enjoyed by all Miss Mary Meek danced an Egyptian dance Joe Shepler followed her on the scene with a burlesque interpretation of the dance and scored a hit

Mont Bodenheimer was King Herring and he sure did look the part, while Romeo Farrell took the role of the head slave

The Barnham and Bailed Hay side show was without doubt one of the feature attractions of the evening in which Red Bucher and Thos Carton assisted by the director scored a decided hit

The second exhibition of the show will be given Friday night

## NO SUFFRAGE VOTE TAKEN IN DELAWARE

DOVER, Del., June 4--Despite appeal of President Wilson and other national Democratic and Republican leaders for ratification of the woman suffrage amendment, the Delaware legislature adjourned sine die with the ratification resolution still in the house committee of the whole, to which it was referred last Friday. Shortly before adjournment a motion by Representative Lyons, majority floor leader, to force the house into committee of the whole to consider the resolution, was defeated 24 to 10. When the vote was announced anti-suffrage leaders started a demonstration.

The legislature was called in special session by Governor Townsend to ratify the suffrage amendment, which action would have given the women of the nation the right to vote. There were many spirited contests during the ten weeks that the fight lasted.

National political leaders including T Coleman Dupont, member of the Republican national committee; Alfred I Dupont and other threw their strength to the suffrage cause and succeeded in obtaining favorable action by the senate May 5 after the house had defeated ratification

Realizing they had not sufficient votes in the lower branch suffrage advocates in the senate refused to send the resolution to the house until Friday It was referred to committee, where it was permitted to die

## Finding Of Body Ends Long Vigil

CLEVELAND, June 4 The body of Peggy Cleary, seven, was recovered from the lake here today, ending the vigil of four days by the child's mother, Mrs Michael Cleary Ever since a playmate of the victim told the police of seeing Peggy fall into the water, Mrs. Cleary kept watch on the lake hoping against hope that her daughter had escaped drowning

Mrs Cleary searched the beach practically day and night getting little sleep and refusing food She fainted when word of the tragic find by the coast guards reached her

## OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning!" It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

DELPHOS, OHIO:—"I saw an advertisement in the paper of Dr. Pierce's Anuric and sent for a trial package. I had doctored a good deal for ten years. I often took different kinds of medicine for kidney or bladder trouble but never got any better Sometimes I would be disturbed three or four times at night. I had a soreness in my back and an awful weak back, so I wanted to see if the trial package would benefit me. I felt better from the first so I went to the druggist and got a 60-cent package of the tablets and took all of them and never had any more trouble. After that I can say Anuric is just as recommended."—Mrs. C. L. CRAMER, Route 1.

## Man Overboard Gives Film Company A Thrill

During the filming of "Shore Acres" the Metro picturization of James A. Herne's world famous stage play, which will be the feature attraction at the Mystic Theatre beginning Monday, the company of film actors were thrilled by Guy Pulley, the head location carpenter, Cuban, overboard The company was taking night scenes on a sailing vessel in San Francisco Bay, when Pulley lost his balance and plunged into the water. Members of the company threw him a line, and after one unsuccessful attempt the carpenter was hauled safely back on board. He expressed himself as being rather chilled by his sudden and unexpected "dip" and explained that the prank upon which he was treading had tipped

In James A Herne's celebrated play many scenes are laid along the seashore for the story. It will be remembered, is enacted on the coast of Maine where the two brothers Martin and Nathan Berry are the keepers of a lighthouse. It is on this lighthouse that the famed dramatic struggle between the two brothers takes place, when the ship that is bearing the daughter of Martin away with her lover is leaving the harbor.

Alice Lake is the star of "Shore Acres," having been made so after her notable work in "Should A Woman Tell?"

## Uncle Sam Is Waging War On Freak Styles

CLEVELAND, June 4 Uncle Sam believes that freak styles in women's garments add materially to the high cost of living and is now engaged in a campaign of education to wean women from frills and furbelows to conservative styles J G Weatherly, special assistant to Attorney General Palmer, announced the government's entrance into the styles contest at the conference of Cleveland clothing manufacturers here today Weatherly urged the garment manufacturers to assist in convincing the women of the country that they do not need extreme styles to enhance their appearance

"Our department really believes the freak styles are a big factor in the high cost of living," Weatherly said "I am going before garment manufacturers in all parts of the country to urge a swing back to sane and conservative styles We will do everything possible to show women the fallacy and costliness of wooing beauty thru frilly and unusual styles"

# YOUR STOMACH IS YOUR BEST FRIEND OR WORST ENEMY

### Chestnut Street Woman Very Much Pleased With Her Experience With Redex, the New Herbal Remedy

To enjoy food and at the same time derive the proper benefit from it, your stomach must be in a healthy condition. If your stomach is upset and out of order half of the time, choice food will fail to tempt you. A bad, out-of-order stomach is the fore runner of many serious diseases.

When you feel run-down and half sick, have a bad taste in the mouth, coated tongue; when you are droopy, nervous, feel bloated after eating, and your food lies like a heavy lump on your stomach, you can make up your mind that at the bottom of all this there is one cause—stomach trouble.

Prove to yourself after taking a little Redex that your stomach is as good as any and that there is nothing wrong with it. Stop this feremntation of food and sour stomach, and begin eating what you want without fear of indigestion.

Redex tones up the system, puts the digestive organs in a healthy condition, rids the body of all poisons and excessive gas, makes rich, red, healthy blood, helps the liver, and kidneys and makes life worth living.

Mrs. Ella De Long, 936 Chestnut Street, Coshocton, says:

I have been bothered with stomach, liver and kidney trouble on and off for a long time with more or less severity. I heard about Redex a short time ago and started to take it. I can truthfully say it has been very helpful to me. It has given me a hearty appetite, helped my nerves and I feel brighter and stronger than for some time past. I am very much encouraged over the results it has given thus far. I shall continue to take it for a few weeks to come as I think it was just the kind of medicine that I needed."

Redex can be obtained in Coshocton at Page & Lorenz' drug store.

# New Chemical Kills Bed Bugs P. D. Q.

P. D. Q. (Pesky Devils Quietus), is the name of a new golden colored chemical discovery by Dr. Price that actually rids the worst infested house of bedbugs, roaches, fleas, ants and their eggs. They don't have time to kick after you go after them with P. D. Q. A 35c package of P. D. Q. makes a quart of strong bug-killer, and goes farther than a barrel of the old fashioned dangerous dope. P. D. Q. coats and kills their eggs and prevents hatching. FREE a patent spout in every box to enable you to get them in the hard-to-get-at-places, and saves juice.

P. D. Q. for family use 35c. Special Hospital and Hotel size $2.50 makes 5 gallons, contains 3 spouts—your druggist can supply you, or sent prepaid to your address either size on receipt of price by the Owl Chemical Co., Terre Haute, Ind. P. D. Q. is never peddled.

"Sold by Wimmer-Arnold Co., Siegrist and William and other leading druggists."

# HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast.

**Tells why everyone should drink hot water with phosphate in it before breakfast.**

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

**IS SLIGHTLY IMPROVING**

The little two-year-old daughter of Attorney and Mrs. J. C. Daugherty, Minnie May, who is confined to the home of her parents suffering from whooping cough and measles, was reported to be slightly improving late Thursday afternoon. Her condition is very serious and little hope for her recovery is entertained.

# BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

# JUST SEE HOW POSLAM HELPS SKIN OVERNIGHT

Poslam soothes, refreshes and heals suffering skin, with never a possibility of harm. A brief experience with Poslam will prove its value. For instance: apply a little on some affected part at night. In the morning, your own eyes find evidence of its healing work. If the trouble was slight—a pimple or inflamed spot—the chances are that it has disappeared. If a virulent eruptional disorder, it should be subdued, so much so that you will want Poslam to keep right on.

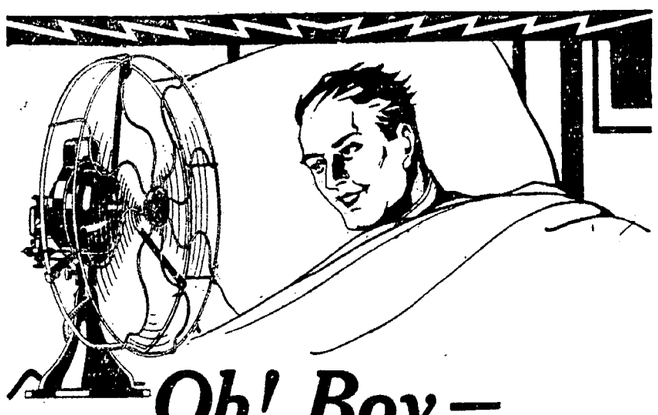

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

# YEAR OLD INFANT KIDNAPPED; FAMILY OFFERS BIG REWARD

NORRISTOWN, Pa., June 4.—Two definite clues stand out today in the search for Blakely Coughlin, 13 mos. old son of Mr. and Mrs. George H. Coughlin, Curran trace, who was kidnapped from his crib early yesterday.

An unusually tall man and woman, seen by a neighbor in the vicinity of the Coughlin home jsut before the kidnapping, are being sought. Search is also being made for the writer of a letter, who confesses to the stealing of the child. However, the police are inclined to believe the writer of the letter is a crank.

In addition to the $1500 reward offered by the commissioners of Montgomery County for the apprehension of the abductors, the Coughlin family have offered a $6,000 reward for the safe return of their child.

***An Exercise of Will***

—The reason why it is sometimes so hard to do things is because we really do not want to do them.

—Once that you really want to do a thing, it is not difficult to act.

—To really want to do a thing, you must satisfy yourself fully that it is a desirable thing to do.

—Decide on how much you will save this year and then save that amount. It may not be easy at first, but nothing strengthens your will like action—especially action not based on impulse, but on your deliberate judgment and decision.

GROUND FLOOR OFFER ON STOCK

**THE EVANS CREEK OIL & GAS CO. Inc.**

This Company is offering for sale a limited amount of their Capital Stock at the par value of $1.00 per share, fully paid and non-assessable. This is your opportunity to get in on the ground floor and get this stock at its par value.

Our organization, our leases, our stock have been inspected by the department of securities of Ohio and approved and through their permission we offer this stock for sale.

Vast profits have been made beginning with a small investment in oil stock and it is reasonable to believe that profits similar to those which others have made, can be made by those who buy shares in a well managed oil company.

Our territory consists of 2905 acres in Adams township, Coshocton county. Adjoining our leases are holdings of the Medina Oil & Gas Co. and the Carter Oil Co., both large producing companies.

Two old wells that were drilled on this territory years ago have oil standing in them now which can be seen at any time. Farmers there will tell you that these wells have been producing oil for years. Crude oil, years back, sold for 60c a barrel, today crude oil is selling for $6.10 a barrel. Wells were abandoned in those days that would be big paying wells today at the present price of oil. Those who are acquainted with oil realize that never before have the chances for large and substantial returns been as good as they are today.

We are offering to those who desire to invest wisely, an opportunity to buy stock in this company, where you can see the wells put down and shot, and see that your money is spent for development, and not paid in salaries to officers. No officer in The Evans Creek Oil & Gas Co., is receiving any salary, and furthermore no salaries, will be paid to any officer in this company until oil production is found great enough to justify.

The drill is now down 200 feet on the Wm. Baab farm, we are drilling only 1200 feet from an old well which has oil standing in it now. This is our only advertisement. You have ten days to get your application in.

No subscription received for less than two shares.

## THE CONTROL OF OIL

GREAT has been the glamour of oil For more than two generations the imagination of Americans has been fired by the romance of the oil industry and now the entire world is wrought up to a genuinely American pitch as the importance commercially and industrially of oil is becoming generally apparent

The charge is made in certain quarters in this country that England aspires to control the world's oil industry and a British financial paper has recently declared that the new British situation in petroleum is the most striking result of the war It sets out figures purporting to show that in 1914 the effective British share of the oil resources of the world was about two percent whereas it is now around 75 percent

Sir Aukland Geddes new ambassador from the court of St James has recently vehemently denied that Great Britain is planning to secure a monopoly of fuel oil for the purpose of exacting tribute from the rest of the world He cites statistics to prove that even if such were the intent of his country the scheme, for physical reasons would be impossible

Something like 70 per cent of the world's fuel oil is now produced on American soil he said Mexico furnishes about 16 per cent but American capital controls three fourths of Mexico's oil properties In the face of such figures the alleged British dream of an oil monopoly is an absurdity the Ambassador implied His conclusion appears logical

But figures as to the locale of oil production do not tell the whole story The fact that the United States produces 70 per cent of the present oil output does not mean that it is an American industry in the sense of American ownership There is a good deal of British capital invested in American oil properties also considerable Dutch capital The United States has taken no step to protect the American oil industry for American enterprise The foreigner is as welcome to come here and sink an oil well as is the native son And foreigners have availed themselves of the opportunity

Great Britain's attitude is different She has adopted the policy of British oil for Britons A rather elaborate system has been worked out for excluding the foreigners from getting into the oil business on British territory

Such a policy however does not convict Great Britain of the rapacious purpose ascribed to her of plotting to corner the world's oil supply What it does plainly show is that Great Britain is looking prudently ahead British statesmanship has evidently been impressed by the reports of the United States Geological Survey as to the amount of oil still underground in this country and its exhaustion in, say 20 years Great Britain realizes the value of oil as an industrial commodity and she is undertaking to conserve her own supplies, for her own use first In her petition there may be malice for none and charity for all but her charity, presumably and properly, will begin at home

Great Britain's oil policy seemingly is one of enlightened selfishness a policy which America might well consider We ought at least to look to the future in the matter of oil and other national resources which should be controlled in the interest of the people

## ISSUES CHALLENGE TO CHAMP SWIMMER

Lee Jarvis.

Lee Jarvis, a star swimmer and member of the Cascade Aquatic club of Dallas, Texas, has issued a challenge to Robert Fouraker, who claims to be world's champion in the 100-yard race Jarvis asserts that he is the real champion, having recently clipped a second off Fouraker's record.

MRS. ALICE GRESHAM DODD, mother of the first American soldier killed in France, who gives entire credit for recovery of her health to the well known medicine Tanlac.

The following remarkable endorsement of Tanlac was given recently by Mrs Alice Gresham Dodd at the Gresham Memorial Home, Gavin Park Evansville, Ind which home was presented to her by the patriotic people of Indiana as evidence of their appreciation of the services rendered to his country by her son Corporal James B Gresham the first American soldier killed in France Expressions of sympathy were received by Mrs Dodd from all parts of the United States, and the newspapers of the country carried the story of the first 'war mother'

The shock of her son's death resulted in the serious breakdown of Mrs Dodd's health but everyone will learn with interest and pleasure that she is now in splendid health again When seen at her home recently she made the following statement giving the entire credit for her recovery to the well known medicine Tanlac

After my dear boy's death, I had a general breakdown in health" said Mrs Dodd At first it was just indigestion My food used to upset me and I had to diet myself very carefully, which wasn't much hardship as I lost all desire to eat Then I had an attack of rheumatism with severe pains in my shoulders back and arms, Sometimes I used to suffer a great deal and my joints would get all swollen up and stiff I was able to do very little about the house and at times couldn't even cook a meal I got very nervous and restless and at night would lay awake for hours and lost many a night's sleep as a consequence

'A friend of mine had received a great deal of help from Tanlac and it was she who advised me to try it I am so glad I did for it proved the best medicine I have ever taken It soon gave me a good appetite and seemed to settle my stomach so that I was no longer troubled with indigestion I don't know what it is to have rheumatic pains now the swelling and stiffness have all gone out of my joints and I am able to do the work of the house with the greatest ease My nerves are now steady and strong I sleep fine at night and I feel better in health than ever before in my life I shall always be grateful for what Tanlac has done for me and shall recommend it every chance I get'

Tanlac is sold in Coshocton by Sherrard & Williams and in Warsaw by J D Lawson

## New York Day-By-Day

By O. O. McINTYRE

NEW YORK June 3 What will become of Town Topics? New York society is wondering following the death of the doughty Col W d A Mann who guided its tempestuous destinies for some 30 odd years Society has lived in fear of this list of the personal journalist's during all this time Col Mann did not hesitate to flay any member of the upper crust when he felt like it He was always facing libel suits And at times he faced the business end of wicked looking pistols But he was game to the end

He was a born warrior and a veteran of the Civil War I used to see him walking down Fifth Avenue a venerable Beau Brummel in his cutaway coat spats and Homburg hat His white whiskers seemed to bristle with the spirit of contest

New York society effected to tolerate Town Topics good naturedly but the truth is that they feared its weekly coming It was not a below stairs journal for gossip monging servants altho it pondered to pruriency It was read by the very elect Its columns were filled with the inane little tattle of the doings and misdoings of upper tendom

If Johnny Schuylerbilt was hitting it up at Bustanybody's with the pick of a Broadway chorus Town Topics gave all the details Or if a headwaiter threw the scion of a Fifth Avenue family out of some cabaret place on his ear the names dates and places were printed

Nothing was seemingly too intimate for Col Mann to purvey from the half soling of a pair of riding breeches to a honeymoon quarrel Town Topics may have handled much but it did more to keep rich young men and women straight than a lot of other agencies

There was one story of a married society lady tolling home in a closed hack in the early dawn with a well known Broadway fox trotter holding her head while the champigne and pate de fois gras left its intraparistal recess and druled over the front elevation of the day's decollette The lady after reading the story went on the water cart and has since joined church and become a respectable and respected mother and wife

Col Mann had enemies in high places He was accused of everything from blackmail to libel but he always managed to stay out of jail He was fearless and courage is too scarce to be passed over lightly He stood high in several orders and was an inventor of world wide fame

A journalistic compendium of interesting facts announces that Edmund Gosse can write with both hands Truesdale who once played second base for the New York Yankees could bat both right handed and left handed His only trouble was that he couldn't hit

I know what was the matter I have felt that way myself But any way he was a very dignified man and he boarded the subway express at Seventy Second street By his side stood a bright faced young man with rather protruding ears who continued to whistle just a few bars from a popular song The dignified man was trying to get interested in the first page news He stood it all the way to Brooklyn Bridge and then he drew back and smacked the young man across the face tucked a five dollar bill in his vest pocket and stamped off the train He didn't want to do it He just had to

Owners and clerks of these new quick eating places which have sprung up like mushrooms since prohibition say that more than half of their business is with girls and women Men eat very little But the girls not only eat heavy lunches They go to the soda fountains in between times and do a little private gorging

The Busy Bee candies and sodas contain the goods and make good

## WALT MASON

### THE DESERT

I crossed the desert in a car that Mr Pullman made it rolled without a jolt or jar in bright green plush arrayed And when I wished to sleep at night and rest my drowsy head there came a porter most polite who tucked me into bed And to the dining car I went three times a day at least beneath huge trays the waiters bent and brought a gorgeous feast The train was full of dames and men who grumbled all the time they'd never come out again the desert was a crime It hurt their eyes to view the sand and witch the hills of stone and every thing their anger fanned and then put up a groan And I recalled the pioneers who blazed the path that way and sternly whacked their mules and steers thru burning sand all day They only halted in their stride across that waste accurst to plant some fellow who had died of heartbreak or of thirst I wished those mighty men of old could board that gorgeous train, and there some moving discourse hold of tragedy and pain for that might shame the stallfed men and fat enameled dames who sighed and swore and sighed again, and called the desert names

## THE JOLLIER

The mails are uncertain but that doesn't make us any more certain of the females

The June Bride goes Hoyle one better When she wins a fellow's heart she also gets his diamond

The poet's lines are not always cast in pleasant places, as the waste basket will testify

There's little hope for the country until the hoe sales catch up with the auto wrench dispensing

The hired girl used to kick because she had no washing machine Now she kicks on having to use one

## PEOPLE'S FORUM

### THE SUGAR OUTLOOK

Editor The Tribune:

We, the grocers, have been asked many times for our opinions on the present sugar situation, to guide the public in their purchase We will state that previous to the war, forty per cent of the world's sugar supply was produced by Central Europe At present, the crop in Europe is only fifteen per cent of the world's crop

Therefore we have been compelled to compete in the Cuban market, with foreign buyers This has caused an increase in the price of raw sugar to twenty-two cents and it costs four cents a pound to have it refined, there does not seem to be much chance of a reduction from the price during the remainder of the year

Some of the sugar supply in this country is being held for speculative purposes A sugar shortage in the spring has never been known before. What will it be in the fall and in the winter? The indications are that sugar will cost the retailer from twenty-nine to thirty cents, here in Coshocton, which will mean not less than thirty-five cent sugar in thirty days

CITY MARKET.

### Sense In Superstition.

There is often a common-sense reason underlying what, at first sight, seems merely a superstition Take, for instance, the old belief amongst colliers, that a mine much frequented by mice is a lucky mine We know now that mice are peculiarly susceptible to foul gases, and the presence of unusually large numbers of these little animals, therefore, is proof positive of the absence of any danger. Hence the alleged "luck."

## BRIGHT SPOTS IN THE DAY'S NEWS

It isn't often that a check worker pulls off a stunt like one did recently at Columbus

This unknown check worker entered the drug store of J A Jackson. After looking at a number of fountain pens, he filled one out of Jackson's ink bottle, used it in writing out a check for $20, pocketed the pen and $14 in change, when Jackson cashed the forged check, and made his getaway

Not considering the "profit" on the $6 pen, Jackson is out $20.

### "SING A SONG OF DANCE FROCKS——"

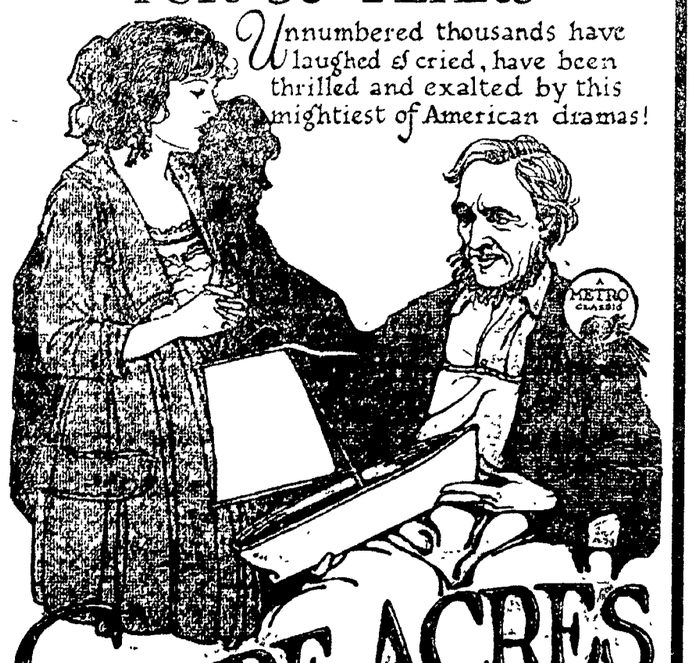

A pretty frock like this one would make anybody sing and dance too. It is one of the most stunning models of the season. It is made of apricot novelty silk on simple lines with a quaint little bodice having tiny sleeves and a round neck. Its youthful charm is quite unadorned but for a frilly, bouffant overskirt of apricot voile edged with satin ribbon and trimmed, at the hips with large silk roses.

# This Tells You How to Get Benefit of the Best Senna

**Finest Grade of Egyptian Senna Leaves used in compounding Dr. Caldwell's Syrup Pepsin.**

PROMINENT importers and wholesale dealers in crude drugs and medicinal herbs gathered from all parts of the world do not hesitate to say that the market for the better grades of medicinal herbs, roots, oils, etc., is practically confined to the leading manufacturers of the so-called package medicines, who buy only the very best, and that the manufacturers of Dr. Caldwell's Syrup Pepsin are the largest users of the best grade of Egyptian senna leaves in the world.

The potency of a tea brewed from senna leaves to relieve constipation has long been recognized, not only by the medical profession, but by the public generally; in fact, senna has been known and used in medicine for more than five centuries. The cheaper grades of senna, such as are usually sold at retail, have, however, a tendency to gripe and cramp which makes their use unpopular with most people.

In Dr. Caldwell's Syrup Pepsin the finest Egyptian senna is combined with pepsin and other valuable agents, essential oils and pure cane sugar syrup to make an exceptionally valuable tonic-laxative for the relief of constipation and resulting disturbances of the stomach and bowels. The complete formula is plainly printed in English, French, and Spanish on every package. Thousands who formerly bought an inferior grade of senna leaves now use Dr. Caldwell's Syrup Pepsin instead. It is sold in drug stores everywhere.

*In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.*

## FOUR LARGE CANDY SHOPS HER RETURN FROM ONE NICKEL

Mrs. Ora Snyder.

"Mrs. Snyder" may not mean much to the world at large, but in Chicago Mrs. Snyder is known as the candy woman. The distinctive feature of Mrs. Snyder's record is the fact that she started with just five cents capital. Her business grew and developed and she has never borrowed a cent to invest in it, although she now has four stores in Chicago, all of which she looks after herself. "Any woman could have succeeded with candy of merit to sell," is her modest assertion when asked about her business.

## SENATE CONCURS IN ADJOURNMENT PLANS OF HOUSE

WASHINGTON, June 3. By a vote of 44 to 24 the senate this afternoon concurred in the house resolution providing for an adjournment of congress sine die at 4 p. m. on Saturday, June 5.

The action was taken after considerable opposition from Senator Kenyon, of Iowa, and Senator Jones, of Washington, Republicans, and Senator Reed, Democrat, of Missouri, who urged that congress should not adjourn until pending legislation is complete. Senator Reed declared it was necessary to repeal the war time laws now in effect.

# How About Your Catarrh? Do You Want Real Relief?

**Then Throw Away Your Sprays and Other Makeshift Treatment.**

Why? Simply because you have overlooked the cause of catarrh, and all of your treatment has been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they will promptly re-appear until their cause is removed.

S. S. S. is an antidote to the millions of tiny Catarrh germs with which your blood is infested. A thorough course of this remedy will cleanse and purify your blood, and remove the disease germs which cause Catarrh.

# "I HAVE GAINED SIX POUNDS BY TAKING DRECO."

**Lancaster citizen had indigestion, dyspepsia, gas in his stomach; bowels constipated; no appetite for finest meal.**

**Two bottles of Dreco corrected these troubles, and now he feels 100% better, he says.**

"I used to hate to sit down to the table, for even the best meal did not appeal to me. I didn't even want to look at food," declared Mr. C. C. Duckwall, a popular employee of Claflin Engineering Co., Lancaster, O.

"What little food I did eat would disagree with me, giving me pains; turned to gas and made my stomach very uncomfortable. My bowels kept bound up all the time, so I had to take physics all the time. I often had headaches and my sleep was broken and failed to refresh me.

"Two bottles of Dreco have made me feel 100 per cent better in every way. I have gained six pounds in weight; bowels act regular; have a big appetite and my stomach is able to digest food without forming gas or swelling up. Dreco is truly a remedy of merit, and I gladly tell people what it has done."

After taking Dreco it is noticed the bowels act regular every day; the stomach digests the food without leaving gas; the lazy liver becomes active; kidneys are strengthened; the appetite grows, and sleep becomes sound and refreshing. Dreco is pleasant to take and effects are prompt.

All good druggists now sell Dreco and it is being especially introduced here by

# "Such marvelous bread —and made so quickly"

***What one woman thinks of the new method of bread-making***

"YOU have really taught me how to bake bread," writes one woman. "How I used to dread baking day until I tried your recipe for making bread in four hours.

"Now I mix my flour and 'set' my sponge in the morning as soon as I have started the youngsters off to school. By eleven it's in the oven, and by noon it's baked.

"Such marvelous bread—and made so quickly! Perhaps it's the Red-Top Flour you taught me to use, perhaps it's the recipe—but my husband tells me it's the finest bread I ever made. Thank you so much for showing me the way."

It is easy to make bread the new way. Once you've tried it, you'll wonder why you ever put up with the old-fashioned method.

**The easy way**

There are two important requirements to be followed: 1. Use compressed yeast. 2. Use a high-grade hard wheat flour. The recipe at the right is made especially for and will give best results with Red-Top Flour.

Red-Top Flour assures you of perfect bread with this four-hour recipe or with the recipe you now use. It is milled from the choicest Kansas Turkey hard wheat—noted for its plump, meaty kernels, its richness in gluten, its wonderful nutritive values.

Order Red-Top Flour from your grocer. Try it with four-hour bread—try it in all your baking. Aunt Jemima Mills Company, St. Joseph, Mo.

**Red-Top Bread**

4 cups boiling water
1½ tablespoons sugar
1½ tablespoons salt
4 tablespoons lard or substitute
1 cake compressed yeast
¼ cup lukewarm water
3 quarts sifted Red-Top Flour

Dissolve yeast and sugar in ¼ cup lukewarm water. Pour boiling water over lard (or substitute used) and salt. When lukewarm add dissolved yeast and 2 quarts of flour and beat two or three minutes. Cover.

Keep in a warm place until double in bulk. Add two cups of flour and knead until mixture is smooth. Place in a floured bowl and let rise again. Knead lightly, shape and place in buttered pans.

When double in bulk, bake in a hot oven. If the bread is kept warm, it should be out of the oven in 3½ to 4 hours from the time it is mixed.

## *Ohio Doctor Flays The Marriage Pool Suggestion*

AKRON, O., June 4. "The proposed international marriage pool would be absolutely pernicious in its influence" said Dr. Esther Bebout, commenting on the suggestion by Prof. Paul Carnot noted French scientist, that European nations be repopulated by resorting to a general matrimonial clearing house.

"Such a proposition is aiming at the very foundations of home life and influence and is putting humanity on the same level as animals on a stock farm," she continued.

"We might have expected such a cold-blooded proposition from Germany, for in Germany the interests of the individual have always been sacrificed to those of the State, but that such statements should be coming from French scientists is unexplainable, unless it is because the French have always looked upon family life in somewhat loose fashion," declared Dr. Bebout.

## JOHNSON ARRIVES AT CHICAGO TODAY

CHICAGO, June 3.—Hiram Johnson, the last of the big three candidates for the Republican nomination to reach the scene of battle arrived here at 1:40 p. m. today.

With a whoop and a bang and blare of bands such as greeted the coming of no other presidential candidate in this campaign, the Californian briskly swung himself down from the steps of his sleeper. Literally landing in the arms of a mob of clamoring admirers, he was swept along by the crowd on the platform and into an automobile outside the LaSalle-st. station.

From the station he was driven to the Auditorium hotel where his headquarters have been established. His car moved slowly to give Chicagoans, out to greet Hiram, a chance.

"Howdy Hiram," crowds shouted in greetings all along the way.

"Write in Clubs" as those who at the time of the Illinois primary "wrote in" his name on the ballots, call themselves, were out by the thousands, lustily yelling "Howdy Hiram" with all their might.

The Johnson Clubs, both of Chicago and of the state of Illinois, were on hand in addition to the "Write ins", determined to make as big a showing as possible for the Senator.

As early as noon delegations from the Chicago Johnson organizations had begun to assemble at the auditorium, and by the time the senator arrived a bigger ovation even than that which greeted him at the railroad station was turned loose for California's favorite son.

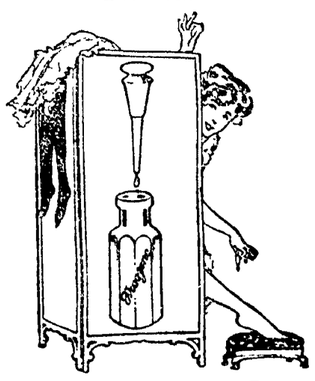

## HOUSE VOTES PAY BOOST TO POSTAL EMPLOYES IN U. S.

WASHINGTON, D. C., June 3. — The house this afternoon passed a bill providing graduated increases in wages for postal employes, as raised by the joint postal commission. The bill carries an appropriation of $34,375,087 for such increases during the fiscal year of 1921.

## TAGGING ALL BASES

STAR FOR A DAY—Ping Bodie.

Bodie got tired of seeing the Yankees trail along with a score of 4 to 1 against them, so, with three of his team mates on the paths, he poked out a homer and won the old ball game from the Athletics.

Dutch Leonard limited Cleveland to six hits and the Tigers clawed three Indian pitchers for enough runs to win.

Ken Williams hit his third home run in five games but Wilkinson was in form and the Browns could not triumph over the White Sox.

After dropping five straight Jeff Pfeffer broke his losing streak by shutting out the Phillies while the Dodgers were accumulating two runs

Harris' triple with Shanks and Rice on the chalk lines gave Washington a victory over the Red Sox.

## Proper Use of Forage Reduces Cost of Pork

Growing and fattening hogs in the summer time without the use of some pasture crops is surely an uneconomical practice. With the present extremely high prices of grain feeds, it is profitable to substitute, as far as possible, forage crops for grain feeds A saving of 15 to 25 per cent of the total amount of grain and supplements may be expected through the use of forage Pasture crops when combined with grain feeds will produce the cheapest rations for both breeding and fattening hogs, and the cost of grains will range from one-sixth to one-fourth cheaper than when the grain is fed in a dry lot.

It may be possigle in some cases with an abundance of good firage, to obtain fairly satisfactory gains for a timeon such forage alone, but thee greatest returns have been obtained when grain was fed in addition to the forage at the rate of 2 to 3 per cent of the weight of the hog: per day

In order to supply plenty of pasturage all through the season, it will be best to supply several kinds of forage crops if possible, as no single pasture crop fulfills the forage requirements for an entire season. Change of pasture is good for the hogs and the pasture as well, for it givos the pasture a rest and adds variety to the ration for the hogs, both of which are good practices.

## "Jazz" Egg Exhibited

VALLEY CENTRE, KAN.—A "freak egg brought heere by M. C. Porter, a farmer of this vacinity, was on exhibition the other day and created much interest.

The egg was shaped somewhat like a saxaphone, something like a crooknock squash and still resembled a gourd.

voiced it was finaliy decided that the egg was either a "boishevick" or a "jazz" one.

# FOREIGN RELATIONS AND MEXICAN POLICY PLANKS WILL BE BUILT AT CONVENTION WITHOUT BLUEPRINTS

COLISEUM, CHICAGO, Ill., June 4. —Two of the most important planks of the party declarations and if Hiram Johnson is nominated it will be one thing, if Wood or Lowden is nominated it will be another. The committee cannot well act until the clouds that now surround the nomination of a standard bearer are cleared somewhat.

Hearings on the platform will begin early next week, it was announced today.

Representatives of labor and women's organizations have been given assurance that they will have ample opportunity to state their cases.

This assurance was given specifically to Harriet Taylor Upton of Columbus, Ohio, president of the League of Women Voters, and to Charles S. Barrett, of Georgia, president of the Farmers Union, representing some 4,000,000 agriculturists.

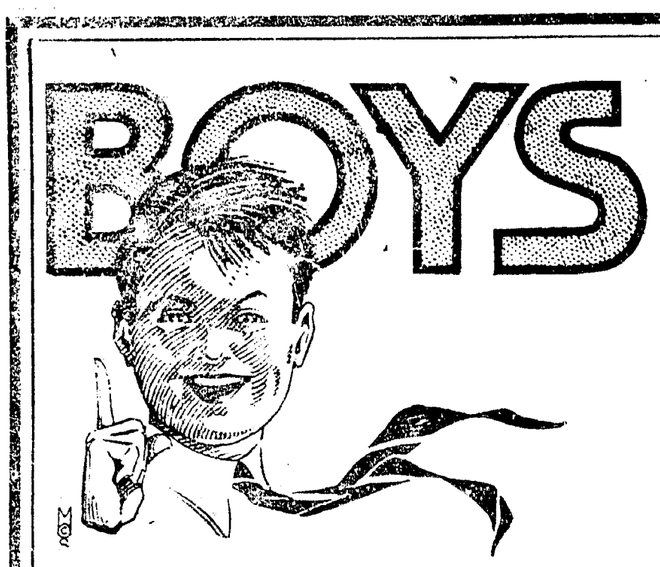

The American federation of labor will select special representatives from its delegation at Montreal to put labor's demands before the committee.

The advisory committee on policies and platforms embracing Republican specialists and experts in various lines split into nineteen sub-committees each having one issue to deal with. These sub-committees, it was announced here today, have now completed their work and will send to Chicago next week unanimous conclusions bearing on every issue which may be involved with the exception of the foreign relations and Mexican problems.

Many of the delegates who are to serve on the resolutions committee have been members of these sub-committees.

"It should be made clear, however," said Chairman Hays today, "that no part of these activities directly or indirectly usurp the functions of the resolutions committee of the convention itself, they are simply an aid to the resolutions committee in its work.

"It is obvious that the resolution committee of the convention which will write the platform for and to which the product of the work of the advisory committee will come as suggestions only, can do fuller justice to the needs of a wide and broad platform with the material furnished them by some of the best brains of the party, working for five months in the evolution of suggestions. Full public hearings before the resolutions committee will be held on all pertinent subjects and interested parties given every opportunity to present their views. The platform will deal, of course, with the great fundamentals and when adopted it shall be the evidence of a sacred contractual obligation between the party and the people."

## POLITICAL CHAFF FROM WINDY CITY

CHICAGO, Ill., June 4.—"Hoover will be the nominee," says young Robert Taft, working hotly at Hoover headquarters just as if his own distinguished daddy were not being quietly tipped as a possible dark horse.

Johnson, Lowden and representatives of Hoover are so closely quartered at the Blackstone hotel that if any one sneezes all can hear.

Cops are worried over news from Washington that those dreadful suffragettes who set fires in front of the White House and got themselves arrested during the war, will descend on Chicago next week to harass the enemies of the suffrage amendment. Whether to handle them with kid or boxing gloves is the question, for they're pretty sure to take the law lightly.

"I've run out of conversation," said young Teddy Roosevelt, to a reporter. "You tell 'em he's no chip off the old block, he's a splinter," commented a hard-fisted delegate from Wyoming when he was brot to his attention.

"The Republican platform will be a sacred obligation between the party and the people," says Will Hays. While inviting wets, drys, farmers, labor unions, capitalists, reformers, pro- and anti- suffragists and all other contending social forces to appear and present arguments in favor of their respective planks.

To present the Irish cause to the Republicans, Eamon DeValera president of the Irish Republic, will attend the convention and perhaps print a little Daily Irish newspaper for free lobby circulation.

Pussyfoots are criticizing Will Hays for his 'open sessions' of the national committee declaring that too much has come out in the press regarding contests. Executive sessions are now in order, but Hays says the results are to be given out immediately.

"You don't have to hire 'em for Hiram," I a catch phrase invented by Mrs. Allen Lane Robinette, of California.

Tall, sandy, dapper Frank Hitchcock who has been just sort of standing around the edges of interesting groups during the past week, seemed to have important business on hand today, the inside scrap 'twixt him and the soap king of Cincinnati' being settled again by the commanding general of the Wood campaigners.

Here's one from a local newspaper which is antagonistic to the distinguished Governor of Illinois:

"Sing a song of check books,
"A barrel full of jack:
"All the Lowden delegates
"Are going to give it back."

Irving Ostroll of New York city was a business visitor here Friday.

# FIRE TRUCK IS BADLY DAMAGED TURNING CORNER

All of the spokes of the left front wheel on the Seagrave fire truck from the No. One station were broken as the truck was turning the corner of Walnut and Second-sts Friday noon at a high rate of speed, on the way to the Begole advertising plant, north Second-st, in response to a fire alarm. The truck crashed into the curbstone, breaking about three feet of the curb and tearing up the lawn in front of the Stevenson property and the adjoining property. The truck was stopped by the driver, Isaac Ralston, after it had gone about twice its length. The White truck at the lower station was to answer the call first but as the men could not get it started the truck at he upper station was called out.

The fire at the Begole plant resulted from an over headted stove on the first floor. The fire was soon extinguished, little damage resulting.

### CARD OF THANKS

We wish to thank our friends and neighbors in Coshocton and Canal Lewisville for their kindness during the illness and death of our mother, Mrs. Lydia Wilhelm. We also express our appreciation to the minister and singers.

THE FAMILY.

## Polk Resigns

WASHINGTON, June 4. — President Wilson today accepted the resignation of the under secretary of the state, Frank L. Polk effective June 15. Mr. Polk has contemplated resigning for some time because of ill health and need for a rest. He has remained at his post, however, in order that the state department might have his services during the transfer of the office of secretary from former Secretary Lansing to Secretary Colby.
